POLY DISCIPLINARY FACULTY OF
SAFI,
UNIVERSITY OF CADI AYYAD

PROF. DR. MOHAMADINE EL HADDAD

Pr. Mohammadine El Haddad was born in 1971 in Taza City, Morocco. He received his Ph.D. in Physical Analytical Chemistry, from Hassan II University of Casablanca, Morocco, 2000. He had published more than 80 papers in international journals and presented about 120 communications in national and international meetings. He is a reviewer at several international journals. He is the author of a two books. His main research interests are in the field of Physical Chemistry, especially the removal of different chemicals species from aqueous media using new low cost adsorbents provided from abundant wastes materials. More interest field research was the application of new catalysis supports in organic chemistry.
