

Biography

Professor Charafeddine JAMA is graduated from the High National College of Chemical Engineers of Toulouse in 1989. He received his Ph. D. in 1995 from the University of Science and technology of Lille in the field of Surface modification and thin films elaboration.

Professor Charafeddine JAMA joined the "Unité matériaux et transformations (UMET) UMR 8207" of the Ecole Nationale Supérieure de Chimie de Lille in 1999. Professor Charafeddine JAMA's research is devoted to the development of new processes for surface treatment and modification using cold plasma technologies. He published over 70 scientific research papers and delivers more than 100 conferences to several international meetings.
