## **BIOGRAPHY**

Prof. Dr. Rachid TOUIR

**Work Address** : Centre Régional des métiers de l'Education et de la Formation (CRMEF), Kénitra, Morocco.

**Home Address :** Maison N° 1973 Alliance darna, Mehdia, 14 110 Kénitra, Morocco.

**Phone:** +212 537 328 263 / **Mobile**: +212 670 526 959

Email: touir8@yahoo.fr; touir8@gmail.com

Prof. Rachid TOUIR was born in 1977 in Kenitra City, Morocco. He received his Ph.D. in Physics Chemistry, from Ibn Tofail University, Morocco, 2009. He had published more than 89 papers in international journals. His work has been cited 1386 total citations by 785 documents with h-index = 21 (since 2006 in SCOPUS) and presented several communications in symposia and national/international meetings. He was honored with the award for the best thesis researcher in Ibn Tofail University since the year 2009. He has developed 3 patents and he has participated in 6 national research projects. He has supervised 20 Doctoral Theses and 50 Master theses in science and didactics. He is a reviewer at several national and international journals. He is the author of a 3 books.

His main research interests are in the field of Physical Chemistry, Especially electrochemistry (Corrosion and its inhibition in several media for metals and alloys using various techniques). He is also interested for electroless plating of Ni-P, Ni-Cu-P, Cu-P, Ni-Pd-Cu... and their components in several corrosive medium. He is currently interested in using some quantum chemical methods like density functional theory (DFT) and other semi-empirical methods to study corrosion inhibition efficiencies of organic compounds. He is also interested in the Didactics of physics and chemistry.
